## PRINCIPALS REPORT

Dear Parents and Community members,

Last week we had the teachers from Wagga Environmental School visit us to teach the students how any small effort we make, can make a huge difference to the environment. A number of scientific experiments were conducted with all students taking a great deal of interest.

All the very best to our cross country team who will be running a the PSSA Cross Country competition on Friday in Harden. They have been training very hard and we know they will run their very best.

This week Mrs Ward and I commenced 'the daunting task' of the Department of Education's transition to a completely new finance software system (LMBR). Annie has been trained with Stockinbingal and now it is our turn. LMBR— will streamline both our accounting and student records system. This will have no impact to the day to day running of the school, however we hope it will make admin/finance a lot easier - especially with the option of online and /or eftpos payments for parents. Our date to go live with the new software system is 16th October, 2017.

Have a great fortnight

Mrs Toni Daly  
Principal
