## Lunch Order—Wednesday 12th June

Lasagne —\$4.00

"Special request from Kody!" Please bring your money in with you tomorrow if you wish to order.

Dear Parents, Friends & Community,

The students at Wallendbeen Public School have been proudly displaying and sharing their growth in many different areas of learning on Seesaw. They enjoy receiving your comments and feedback, so please keep it up.

We have been visiting Antarctica, and growing a much deeper understanding of the climate, animals, research and the beauty of this very special continent.

In class, the students have been building on their learning skills around our Superhero Rezilia. We are continuing to focus on building resilience, managing distractions and being absorbed in all our learning. Managing distractions was a real challenge last week when we had technicians install our new super Wi-Fi system. We now have access to fast Wi-Fi all over the school, including the quadrangle and playground. This will be an excellent resource for both indoor and outdoor learning, which is very exciting and extends our flexible learning areas.

Last week we enjoyed a performance at Wombat School with Music Viva and March of the Fire Ants - Songs from Your Backyard. This wonderful hands on experience allowed the students to enjoy the music of the clarinet, piano, cello and voice. The music mimic sounds from our backyard including lorikeets, fire ants and cicadas. The students listening to the sounds, could make up a story in their minds of what was happening in their backyard, evoking a wonderful way to engage their imagination.

Before you receive our next newsletter, we would have travelled to Sydney to see the stage production, Charlie and the Chocolate Factory, not the mention all the other wonderful experiences. Stay tuned for a great report next fortnight.

Have a great fortnight.

Mrs Toni Daly  
Principal
