lunchtime Book Café!

Deal—28th August

Salad —\$4.00

Dear Parents, Friends & Community,

What a great learning environment at Wallendbeen Public School. Mrs Lenehan and I purchased a few key pieces of furniture for our classroom to really inspire our students learning and engagement. They now have a number of flexible learning spaces to continue to build their learning muscle and we have plenty more great ideas and additions to come. This will help prepare our 21st century learners for 2019 and many years to come.

Wallendbeen numbers are low, however due to the delivery of excellent education and students at the school, we have been assured by the department our doors will remain open. This school is secured for 2020 and beyond. Please assure any prospective families that Wallendbeen Public School offers quality education, with new directions in learning. The teacher to student ratio, personalised learning programs and extensive resources ensure excellent learning takes place. Please feel free to come and visit our school anytime and experience all that Wallendbeen Public School has to offer.

Speaking of great learning opportunities... through the audition process, the students have made it to Schools Spectacular 2019. The school will travel to Sydney to sing with the choir in November. We are so excited.

Last Thursday we sent a representative team to the Cootamundra PSSA District Athletics Carnival. I am very pleased to report that all our students made personal best results and continue to make us all very proud. Well done, Alicia, Josey, Kody and Bradley.

In the classroom, we have been building on our knowledge of empathy through the eyes of "The One and Only Ivan". A story about a silverback Gorilla kept in a shopping mall in America in a very small glass and concrete cage. This novel has built our Key English Concept Skills around a point of view, analysing settings, character traits, visualisation, inference, compare and contrast, drawing
